PRODUCT LEAFLET

Divisible stand max. 2x 65 inch

062.2500 Fully divisible trolley for 2 flat panels max. 65 inch (max. 100 kg), back to back

Due to its divisibility, this stand is ideally suited for rental applications. The 4 separate parts, namely the floor plate on wheels, the column parts of 95 cm each and the VESA bracket, can be packed and transported very compactly in a flight case together with the screens. The stand can be assembled without tools and is equipped with three cable ducts to conceal all cables neatly.
Based on the weight and mounting pattern of the monitors, choose suitable monitor brackets with three-point coupling to mount the screens to the stand.
