

TM-22 TOUCH SCREEN MONITOR

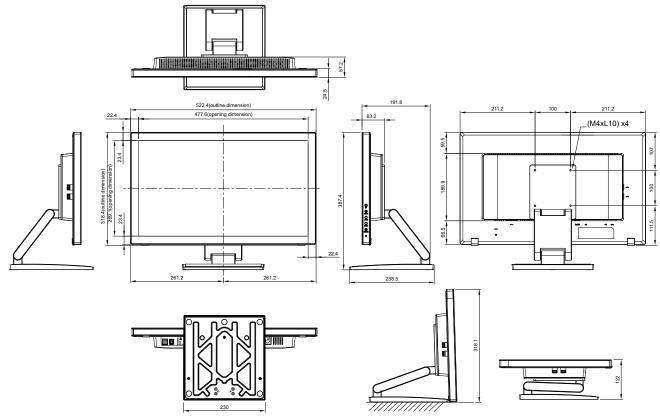

FEATURES

- Full HD 1920 x 1080 resolution
- DisplayPort, HDMI, VGA and dual 2W speakers
- Flush touch screen makes surface neat and clean
- · Incorporates projected capacitive touch technology
- 10-point simultaneous multi-touch capability
- Plug and play support for Windows 7/8/10/11
- Built-in USB 3.0 Port for easy connection with storage devices
- · Flicker-free display technology reduces eye discomfort
- Kensington security slot
- Dual hinged stand optimises the viewing range for maximum ergonomic comfort
- Tilt capacity from -5° to 90°

Utilizing projected capacitive (PCAP) 10 point multi-touch technology, the TM-22 22-inch touch screen monitor delivers a smooth and precise touch response. Compatibility with Windows 7, 8, 10 & 11 touch functions and versatile connectivity makes connecting with media sources and peripheral devices easy. The TM-22 ergonomic monitor stand with tilt flexibility ranging from –5 to 90 degrees guarantees user comfort, making it an ideal choice for public access, like information kiosks and self-check-in kiosks.
